MEMORANDUM FOR: Eastern Europe Division, DD/P

SUBJECT : Sale of Equipment to [REDACTED] 25X1A2d1

25X1A6c

REFERENCE : [REDACTED] 51771 from [REDACTED] Base 25X1A6a

25X1A9a

25X1A2d1

1. Members of my staff have discussed the reference with [REDACTED] of your Division, and I appreciate the continued interest shown in endeavoring to resolve the terms of our loan to [REDACTED] Mobile Radio Stations.

2. Regarding the question raised in paragraph four of the reference as to our interest in selling these stations, I believe that under the circumstances that this may be the best solution to the problem. It will eliminate the need for pressing for more definite terms in the loan agreement at this time. Also, it would help to clarify my equipment planning in support of Agency War Plans. As the records stand now, I must consider the mobile stations as assets even though it is quite evident from the reference that these units are not available to us now, and probably will not be available for an indefinite period.

25X1A2d1

3. In determining a fair market price at which these units may be offered to [REDACTED], consideration is given to the age of the equipment and the attendant depreciation. In recognition of these factors, I have obtained approval for these specific units to be offered for sale at 50 percent of their original cost. This reduces the price of the [REDACTED] 25X1A III to \$125,000 and \$66,000 for the 6 ST.

25X1A2d1

4. If the [REDACTED] organization does not choose to purchase these mobile stations, the requirement for a resolution of the terms of the loan will still exist. It is hoped that in the discussions regarding the possible sale that sufficient information will be obtained to help clarify the status of these units and aid in the subsequent planning for communications equipment.
